Dear Kenneth:

I am writing to inform you that I have directed the Nassau County Department of Public Works to undertake a resurfacing project on Plandome Road. The project is expected to take place in the Fall of 2012 and will be completed before the winter months.

The safety of our roads is of paramount importance to my administration. That is why I directed the start of this project after learning that the residents of the Village of Plandome Heights have called for the repair of a 1,900 foot section of Plandome Road. If you have any specific questions or concerns, please contact the Department of Public Works at [516-571-6900](tel:516-571-6900).

In closing, I hope this letter finds you well and excited about the impending Spring and Summer weather. Please take the time to enjoy some of what Nassau County has to offer to its residents.

Very truly yours,
