**Plandome Heights Water Main Project Wraps Up  
 Village Partners with MLWD to Restore Roads “Better Than Before”**

August 29, 2016 – During August, the Manhasset Lakeville Water District (“MLWD”) substantially completed the water main project in Plandome Heights. Since May 2016, MLWD has been engaged in replacing the remaining 4” water mains in Plandome Heights with 6” and 8” water mains. The project has been taking place on Grandview Circle and Summit Drive. The work has consisted of excavation under roads, sidewalks and lawns, laying of new pipe and hydrants, testing the water flow in the new pipes to high quality standards and changing service connections to the individual homes. The final phase is restoration of roads, sidewalks and lawns. Partnering with MLWD and its contractors,

Plandome Heights worked to maximize road restoration and to add Village funded road work to improve the road so that it is restored to a condition that is better than before the project. By partnering with MLWD and its in-place contractor, the additional work is done most efficiently.

**Mayor Riscica with Superintendent Schrader and engineers and contractors from MLWD**

Commenting on the project, Plandome Heights Mayor Kenneth C. Riscica said, “We appreciate the careful job that was done by MLWD and their engineers and contractors. We also appreciate the opportunity to work closely with MLWD Superintendent Paul Schrader and Commissioners Donald O’Brien, Mark Sauvigne and Brian Morris on road restoration. By allowing us to add Village sponsored road improvements to the project, the road is not just restored, but better than before the project.
