INDEPENDENT AUDITORS' REPORT

Board of Trustees
Incorporated Village of Plandome Heights
Manhasset, New York

We have audited the accompanying financial statements of the governmental activities and each major fund of the Incorporated Village of Plandome Heights as of and for the year ended May 31, 2020, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

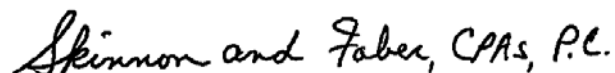

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Incorporated Village of Plandome Heights, as of May 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

MANAGEMENT'S DISCUSSION AND ANALYSIS **(UNAUDITED)**

The Board of Trustees of the Incorporated Village of Plandome Heights (the Village), would like to offer readers of the Village's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended May 31, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The Statement of Net Position and the Statement of Activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. Fund financial statements report how Village activities were financed in the short-term, as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail by providing information about the Village's most significant funds. The financial statements also include notes that provide additional information about the financial statements and the balances reported. The statements are followed by the required supplementary information, which supports the financial statements with a comparison of the Village's General Fund budget with actual results for the year.

FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

Net Position

The Village's total net position increased by \$8,854 for the fiscal year ended May 31, 2020. A condensed summary of the Village's Statement of Net Position for the current year is detailed below.

Condensed Statement of Net Position – Governmental Activities

	<u>May 31, 2020</u>	<u>May 31, 2019</u>
Assets		
Current and Other Assets	\$ 761,487	\$ 710,842
Capital Assets (net)	493,652	533,644
Total Assets	<u>1,255,139</u>	<u>1,244,486</u>
Liabilities		
Other Liabilities	36,623	36,115
Due to Agency	6,144	4,853
Total Liabilities	<u>42,767</u>	<u>40,968</u>
Net Position		
Net Investment in Capital Assets	493,652	533,644
Restricted	27,675	30,125
Unrestricted	691,045	639,749
Total Net Position	<u>\$ 1,212,372</u>	<u>\$ 1,203,518</u>

Net investment in capital assets is the Village's investment in capital assets such as furnishings and equipment, miscellaneous structures and infrastructure reduced by accumulated depreciation. This figure also includes land, which is not depreciated. More detailed information can be found in the Notes to the Financial Statements.

Change in Net Position

The Statement of Activities reports the results of the current year's operations and the effect on net position in the accompanying financial statements. A summary of changes in net position from operating results is shown below.

Change in Net Position from Operating Results – Governmental Activities

Home and Community Services	144,610	157,282
Total Expenses	<u>481,769</u>	<u>510,974</u>
Change in Net Position	8,854	27,784
Net Position - Beginning of Year	<u>1,203,518</u>	<u>1,175,734</u>
Net Position - End of Year	<u><u>\$ 1,212,372</u></u>	<u><u>\$ 1,203,518</u></u>

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION

The Village had an excess of revenue over expenses of \$8,854. This result is the product of the multi-year planning approach employed by the Village. No significant individual economic factor affected the results.

The Village had a net decrease in total revenue from the prior year of \$48,135. Zoning fees collected decreased by \$12,845 as compared to the previous year. Building permit fees collected also decreased by \$10,508. Total expenses decreased by \$29,205 as compared to the previous year.

ANALYSIS OF BALANCES AND TRANSACTIONS OF INDIVIDUAL FUNDS

The General Fund balance increased by \$67,081 to \$663,004. Of this amount, \$470,000 has been assigned for future capital projects under the Village's capital plan.

The Capital Projects Fund balance decreased by \$16,702 to \$50,207. Of this amount \$22,532 is assigned for future road projects, and \$27,675 is restricted for Parkland.

BUDGETARY ANALYSIS

No significant variances existed between the original and final budget amounts for the General Fund.

The following variances exist between the final budget and actual results for the year ended May 31, 2020:

Revenues:

- Actual revenues exceeded budgeted amounts by \$11,300.
- Actual revenue from licenses and permits was \$5,982 higher than budgeted. Actual results were better than anticipated.
- Use of money and property revenue was \$3,298 higher than budgeted. The Village received a higher interest rates causing an increase in interest revenue.

Expenditures:

- Actual expenditures were \$51,781 lower than budgeted.
- Actual expenditures related to Home and Community Services were \$6,190 less than final budgeted amount. This variation was mainly the result of conservative budgeting.
- Actual expenditures related to Transportation were \$27,253 under budget. A mild winter resulted in lower costs for snow removal and road repairs.

None of the variations between budgeted and actual results are expected to affect future services or liquidity.

A schedule showing the budgeted amounts compared to the Village's actual financial activity for the General Fund is provided in this report as required supplementary information.

CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

The Village's investment in capital assets as of May 31, 2020 totaled \$493,652 (net of accumulated depreciation). Acquisitions during the year consisted of furnishings, equipment and miscellaneous structures with a cost of \$8,253. The acquisition was capitalized and is being depreciated using the straight-line method. The Village has no long-term debt.

INFRASTRUCTURE ASSETS

There were no significant changes in the assessed condition of eligible infrastructure assets.

CURRENTLY KNOWN FACTS, DECISIONS AND CONDITIONS

The economic conditions of the Village mirror those of the rest of the region. The Village faces increasing costs and shrinking revenues from non property tax revenue. The administration has been diligent in containing expenses without sacrificing services to the residents.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide the reader with a general overview of the Village's finances and to demonstrate the Village's accountability for the funds it receives. If you have any questions about this report or need additional financial information, contact:

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The fund financial statements of the Village of Plandome Heights have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

The Incorporated Village of Plandome Heights, which was established in 1929, is governed by local village law and other general laws of the State of New York and various local laws. The Board of Trustees is the legislative body responsible for overall operations, the Mayor serves as chief executive officer and the Treasurer serves as chief fiscal officer. The following basic services are provided: roads and highways, building department, general government, village justice court, parks and recreation, and sanitation.

All governmental activities and functions performed for the Village of Plandome Heights are its direct responsibility. No other governmental organizations have been included or excluded from the reporting entity.

The financial reporting entity consists of (a) the primary government which is the Village of Plandome Heights, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth in GASB Statement Numbers 14, 39 and 61.

The decision to include a potential component unit in the Village's reporting entity is based on several criteria set forth in GASB 14, 39 and 61 including legal standing, fiscal dependency, and financial accountability. No other organizations have been included or excluded from the reporting entity.

B. BASIS OF PRESENTATION

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds).

1. Government-Wide Financial Statements:

The government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental activities for the Village. Fiduciary activities of the Village are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

accrual basis of accounting. Accordingly, all of the Village's assets and liabilities, including capital assets as well as infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the Village are reported in three categories: 1) fines, fees and charges for services, 2) operating grants and contributions and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All interfund balances in the Statement of Net Position have been eliminated except those representing balances between governmental activities and agency activities.

2. Fund Financial Statements:

The accounts of the Village are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for within a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, and revenues and expenditures; which are segregated for the purpose of carrying on specific activities. The various funds are exhibited by type in the financial statements.

The following fund types are used:

Fund Categories

- a. **GOVERNMENTAL FUNDS** - Governmental funds are those through which most governmental functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is upon determination of financial position and changes in financial position. The following are the Village's governmental fund types:

General Fund - the principal operating fund; includes all operations not required to be recorded in other funds.

Capital Projects Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the acquisition or construction of capital facilities and other capital assets other than those financed by proprietary funds.

- b. **FIDUCIARY FUNDS** - Fiduciary funds are used to account for assets held by the local government in a trustee or custodial capacity. The following Fiduciary Funds are utilized:

Trust and Agency Funds - used to account for money (and/or property) received and held in a purely custodial capacity of trustee, custodian, or agent.

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

3. Equity Classifications:

Government-Wide Financial Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

Fund balance is classified and displayed in five components:

- a. Nonspendable - Consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and principal of endowments.
- b. Restricted - Consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.
- c. Committed - Consists of amounts that are subject to a purpose constraint imposed by a formal action of the government’s highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint. The Board is the decision-making authority that can, by resolution prior to the end of the fiscal year, commit fund balance.
- d. Assigned - Consists of amounts that are subject to a purpose constraint that represents an intended use established by the government’s highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance.
- e. Unassigned - Represents the residual classification for the government’s general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

When resources are available from multiple classifications, the Village spends funds in the following order: restricted, committed, assigned, unassigned.

C. MEASUREMENT FOCUS / BASIS OF ACCOUNTING

Measurement focus is the determination of what is measured, i.e. expenditures or expenses. Basis of accounting refers to when revenues and expenditures/expenses and the related assets, deferred outflows, liabilities and deferred inflows are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities are included on the Statement of Net Position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under this basis of accounting, revenues are recorded when measurable and available. Available means collectible within the current period or soon enough, thereafter, to be used to pay liabilities of the current period. Revenues are generally considered to be available if collected within 60 days of the end of the fiscal year. Material revenues that are accrued include real property taxes, State and Federal aid, sales tax and certain user charges. If expenditures are the prime factor for determining eligibility, revenue from Federal and State grants are accrued when the expenditure is made, all other grant requirements have been met, and the resources are available. Expenditures are recorded when the liability is incurred except that:

- Principal and interest on indebtedness are recognized as an expenditure when payment is due.
- Expenditures for prepaid items and inventory-type items are recognized at the time of purchase.
- Compensated absences, such as vacation and sick leave, which vests or accumulates, are charged when payment is due.
- Other post-employment benefits are charged as expenditures when payment is due.

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

D. CASH AND CASH EQUIVALENTS

The Village considers all highly liquid instruments with a maturity of three months or less at the date of purchase to be cash equivalents.

E. PROPERTY TAXES

Property taxes are levied annually no later than May 15 and become a lien on June 1. Taxes are collected June 1 to July 1 without penalty or interest. Penalty and interest are imposed pursuant to the Real Property Tax Law.

General Municipal Law Section 3-c established a tax levy limit for local governments in New York State effective June 24, 2011. This law generally limits the amount by which local governments can increase property tax levies to 2 percent or the rate of inflation, whichever is less. The law does provide exclusions for certain specific costs and allows the governing board to override the tax levy limit with a supermajority vote.

F. BUDGETARY DATA

1. Budget Policies - The budget policies are as follows:

- a. No later than March 20, the budget officer submits a tentative budget to the Board of Trustees for the fiscal year commencing the following June 1. The tentative budget includes proposed expenditures and the proposed means of financing for all funds.
- b. After public hearings are conducted to obtain taxpayer comments, no later than May 1, the governing board adopts the budget.
- c. All modifications of the budget must be approved by the governing board.
- d. Budgets are adopted annually on a basis consistent with generally accepted accounting principles.
- e. Appropriations in all budgeted funds lapse at the end of the fiscal year, except that outstanding encumbrances are re-apportioned in the subsequent year.

G. CAPITAL ASSETS

Capital assets, which include land, infrastructure, miscellaneous structures, and furnishings and equipment are reported in the government-wide financial statements. The capital assets are reported at original cost. Depreciation has been recorded using the straight-line method over 20 years for infrastructure and miscellaneous structures, and 5-20 years for furnishings and equipment. Land is not depreciated. General infrastructure assets acquired or constructed prior to June 1, 2004 are not reported in the financial statements.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures in governmental funds. Capital assets

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

are not shown on governmental fund balance sheets.

H. POST - EMPLOYMENT BENEFITS

The Village does not provide post-employment benefits to its employees.

I. INSURANCE

The Village assumes the liability for most risk including, but not limited to, property damage and personal injury liability. Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results may differ from those estimates.

K. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenditure/expense) until that time.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources until that time.

II. DETAIL NOTES ON ALL FUNDS

A. ASSETS

1. Cash and Investments:

The Village investment policies are governed by State statutes. In addition, the Village has its own written investment policy. Village monies must be deposited in qualified FDIC-insured commercial banks or trust companies located within the State. The Village Treasurer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. agencies, repurchase agreements, and obligations of New York State or its localities.

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

Collateral is required for demand deposits and certificates of deposit as provided by law of all deposits not covered by federal deposit insurance (FDIC). Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the state and its municipalities.

For purposes of reporting cash flow, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and near their maturity.

Deposits and investments at year-end were entirely covered by federal depository insurance or by collateral held by the Village's custodial bank in the Village's name. They consisted of:

Deposits: All deposits are carried at cost plus accrued interest.

Bank balances for the Village's deposits with financial institutions at May 31, 2020 totaled \$757,226 and are covered by federal deposit insurance or third-party collateral as follows:

Amount FDIC - Insured	\$ 500,000
Amount Collateralized by Third Parties	269,662
Total Amounts	<u>\$ 769,662</u>

2. Interfund Receivables and Payables:

Temporary advances between funds and unpaid interfund charges will be reimbursed subsequent to year end. The interfund receivable and payable balances at May 31, 2020 are as follows:

	Amount Receivable	Amount Payable
General Fund	\$ -	\$ 6,144
Trust and Agency Fund	6,144	-
	<u>\$ 6,144</u>	<u>\$ 6,144</u>

3. Changes in Capital Assets:

A summary of changes in capital assets follows:

<u>Capital Assets</u>	Balance May 31, 2019	Additions	Reductions	Balance May 31, 2020
Land	\$ 10,000	\$ -	\$ -	\$ 10,000
Furnishings and Equipment	32,696	5,803	-	38,499
Miscellaneous Structures	19,024	2,450	-	21,474
Infrastructure	1,438,314	-	-	1,438,314
	<u>1,500,034</u>	<u>8,253</u>	<u>-</u>	<u>1,508,287</u>
<u>Accumulated Depreciation</u>				
Land	-	-	-	-
Furnishings and Equipment	(19,274)	(3,626)	-	(22,900)
Miscellaneous Structures	(9,374)	(776)	-	(10,150)
Infrastructure	(937,742)	(43,843)	-	(981,585)
	<u>(966,390)</u>	<u>(48,245)</u>	<u>-</u>	<u>(1,014,635)</u>
<u>Totals</u>				
Land	10,000	-	-	10,000
Furnishings and Equipment	13,422	2,177	-	15,599
Miscellaneous Structures	9,650	1,674	-	11,324
Infrastructure	500,572	(43,843)	-	456,729
Capital Assets (net)	<u>\$ 533,644</u>	<u>\$ (39,992)</u>	<u>\$ -</u>	<u>\$ 493,652</u>

Depreciation expense was charged as a direct expense to programs of the primary government as follows:

Governmental Activities:

General Government Support	\$ 3,687
Transportation	144
Culture and Recreation	44,414
Total Depreciation Expense - Governmental Activities	<u>\$ 48,245</u>

INCORPORATED VILLAGE OF PLANDOME HEIGHTS

Notes to the Financial Statements

For the Year Ended May 31, 2020

B. FUND BALANCE

1. The government's fund balance classification policies and procedures are as follows:

- For committed fund balances:
 - The government's highest level of decision-making authority resides with the Board of Trustees.
 - The formal action that is required to be taken to establish (and modify or rescind) a fund balance commitment is through formal resolution by the Board.
- For assigned fund balances:
 - The body or official authorized to assign amounts for specific purpose is the Board of Trustees.
 - The policy established by the governing body pursuant to which the authorization to assign amounts to a specific purpose is given to the Board of Trustees.

In circumstances where an expenditure is incurred for a purpose for which amounts are available in multiple fund balance classifications (that is restricted, assigned or unassigned) the expenditure is to be spent first from the restricted fund balance to the extent appropriated by either budget vote or board approved budget revision and then from the assigned fund balance to the extent that there is an assignment and then from the unassigned fund balance.

The Village has authorized the following fund balance designations:

	General Fund	Capital Projects Fund
Restricted Fund Balance:		
Parkland	\$ -	\$ 27,675
Total Restricted Fund Balance	<u>\$ -</u>	<u>\$ 27,675</u>
Assigned, Unappropriated:		
Future Capital Projects	\$ 470,000	\$ -
Road Work	-	22,532
Total Assigned, Unappropriated Fund Balance	<u>\$ 470,000</u>	<u>\$ 22,532</u>

C. CONCENTRATIONS OF RISK

The Village maintains all cash and cash equivalents in two depositories. FDIC insurance covers all government accounts up to \$250,000 (per official custodian) for demand accounts and time and savings accounts. All deposits in excess of the FDIC limit are fully collateralized.

D. COMMITMENTS AND CONTINGENCIES

State Grants

The Village is a recipient of a number of State grants. These grants are administered by various agencies. These grants are subject to various compliance and financial audits by the respective agencies administering the grants, which could lead to certain disallowances. The Board believes that they have substantially complied with the rules and regulations as specified under the various grant agreements as well as rules and regulations of the respective agency for each grant.

Tax Certiorari

There are presently pending against the Village a number of real property tax review proceedings requesting reductions in assessed valuations of various properties for both past and current years. The financial exposures in these cases are indeterminable at this time.

Other

The Village is subject to litigation in the ordinary conduct of its affairs. Management does not believe however, that such litigation, individually or in the aggregate, is likely to have a material effect on the financial statements.

There are no contingencies that the Village is aware of that would have a material impact on the financial statements.

Contracts and Leases

In June 2017, the Village entered into an agreement for garbage collection and disposal. The contract is for a period of seven years ending May 31, 2024. Minimum payments for the years ending May 31 are:

2021	\$	136,386
2022		139,114
2023		141,896
2024		144,734

In May 2011, the Village entered into a lease for the Village offices for the period ending July 31, 2015. The lease was extended for an additional three-year period ending on July 31, 2018. In August 2018, the lease was extended for an additional four-year period ending July 31, 2022. Minimum payments for the years ending May 31 are required as follows:

2021	\$	20,280
2022		20,280
2023		3,490

E. SUBSEQUENT EVENTS

The Village has evaluated subsequent events through September 6, 2020, the date that the financial statements are considered available to be issued. On March 13, 2020, President Trump declared a national emergency due to extraordinary circumstances resulting from the coronavirus (COVID 19). Management is in the process of evaluating the impact that COVID-19 may have on its financial condition for the year ended May 31, 2021.
